Claims 18-30 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on November 10, 1999.

Claims 33 and 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 33 is indefinite in that it depends from the cancelled claim 32.

Claim 36 is indefinite in that it depends from the cancelled claim 35.

Also, there is no antecedent basis in claims 31 and 34 for the term "antibiotic" in claims 33 and 36.

Claims 31, 33, 34 and 36-38 are rejected under 35 U.S.C. 103(a) as being unpatentable over Shor et al (U.S. Patent No. 5,424,187) in combination with Koskiniemi et al (Eur. Neurol. 1996; 36:160-163) for the reasons set forth in the Office Action of July 11, 2003.

Claims 31, 33, 34 and 36-38 are rejected under 35 U.S.C. 102(a) as being anticipated by Mitchell et al (U.S. Patent No. 6,64,239) for the reasons set forth in the Office Action of March 2, 2004.

Claims 31, 33, 34 and 36-38 are rejected under 35 U.S.C. 103(a) as being unpatentable over Mitchell et al (U.S. Patent No. 6,664,239) for the reasons set forth in the Office Action of March 2, 2004.

Applicant's arguments filed September 7, 2004 have been considered but have not been found persuasive.

The declaration containing a letter, which predates May 6, 1997 has been considered but has not been found persuasive. The letter states that "the focus of his thesis is on the role Chlamydia Pneumoniae plays as an infectious agent in the pathogenesis of Alzheimer's disease" i.e. the letter relates to the role Chlamedia Pneumoniae plays in the development of Alzheimer's disease. There is nothing in the letter that states that Alzheimer's disease can be treated with an anti-microbial agent. Note also that there is nothing in the instant claims relating to Chlamedia Pneumoniae.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
